Signature Strengths

+ Platform and systems-level design thinking
+ Cross-functional leadership and influence
+ Design team building, coaching, and org design
+ Translating business goals into clear product experiences

At a Glance

Product Design Manager with 10+ years of experience as a designer and 4+ years leading and scaling design teams across complex, large-scale platforms. Proven at unifying fragmented systems, translating business strategy into clear product experiences, and delivering measurable revenue and operational impact across media and ad tech.

Experience

Product Design Manager - Ad Platforms
The Walt Disney Company | New York, NY | 2021 - Present

Scope & Leadership

/ Lead and mentor a team of 8+ product designers across multiple large-scale, interconnected platforms.

/ Set design strategy in close partnership with xfn partners i.e. product, engineering, sales, and data.

/ Own hiring, performance management, promotions, and career development.

/ Presentation of product and design strategy to senior leadership.

Platform & Product Impact

/ Led design for a self-service platform enabling customers to independently plan and manage campaigns, targeting $150M+ in incremental revenue.

/ Unified fragmented internal tools into a single operational platform, reducing friction across setup, compliance, and execution.

/ Designed automated order and workflow systems that reduced manual errors and improved speed and reliability.

/ Drove platform evolution toward toward automation and scalable marketplaces.

Outcomes

/ Reduced key workflow times by up to 95%.

/ Improved advertiser ROI and decision accuracy by 30-40%.

/ Drove adoption of shared design systems, reducing UX debt and rework.
